

# Ground Protection Mats Ideal for Short Term Pathways

**Create short term roadways & paths**

**TEN is now the exclusive distributor of Alturna Mats to Energy Utilities and Contractors.**

Ground Protection Mats provide the perfect solution for short term road ways and paths. Made from recycled material, the mats distribute weight across their surface which protects the ground beneath.

- Place mats down before moving machinery across established grass and lawns
- Link them together creating a road way to prevent bogging
- Securely cover construction holes
- Provides a clean and safe walkway for pedestrians

### Specifications
